

**Barry the Bear**  
*and*  
**The Case of  
The Potty Mouth**

*A Cow Texas Children Story Special*

- FOR HARRIS -

Barry was  
a normal bear.

Sup.

Barry enjoyed  
many things.

Catching fish.

Climbing trees.

Eating lasagne.

**OMG!**

*Did you say lasagne ?!?!*

But Barry had  
a problem.

He said  
naughty words.

*No, seriously.*

**Give me the fucking lasagne or I will slice you.**

Barry's owner, Max,  
did not like Barry's  
bad language.

Barry.

*That's kind of offensive.*

**Your face is kind of offensive.**

Do us all a favour and  
*stab yourself with a fork.*

Barry swore  
everywhere.

At home.

*You might want to sleep on the couch tonight.*

**I shat on your bed.**

When watching movies.

They should have called it  
"The **Bitch** and the Tramp."

**Barry**, please.  
*It's a Disney classic.*

Even at the shops.

Get some lasagne.

Say 'please'...

Um ... *penis*?

So Max tried  
to fix Barry.

First he tried  
to trick him.

*Could you pretty, pretty,  
please **swear** at me?*

**Fuck off.**

Then he pretended  
to be sad.

*Homo.*

He even tried  
to scare Barry.

You take *one step closer to me* with that baseball bat and I will *shove it so far down your throat it'll hit your testicles for home runs.*

Max had tried  
everything he could  
think of and didn't  
know if he could  
ever fix Barry.

Eventually Max broke.

He said a bad  
word to Barry.

%#\*\$& !!

It was so bad,  
it didn't even exist  
before Max said it.

Max's word was worse  
than any word Barry  
had ever heard of.

Barry was so startled  
with Max's new swear  
word that he didn't  
know what to say.

*I'm so startled with your new swear word that I don't know what to say.*

Max had finally solved  
Barry's potty mouth  
problem without even  
intending to.

*Please don't say that word again, Max.*

**I'll do anything!**

*... anything?*

***ANYTHING !!***

hmm...

*Please stop eating lasagne.*

They make your farts smell really bad.

*Fuck off, shit for brains.*

- THE END -
